Fellow Professional Firefighters of Riverside County,

The Riverside County Professional Firefighter Benevolent Fund has been working long and hard to create a benevolent fund that is financially solvent and able to support the Professional Firefighters of Riverside County. The RCPFBF has been serving the Professional Firefighters of Riverside County for more than 17 years. As a member of CalFire Local 2881 a small portion of your dues goes to support the state level benevolent fund, which serves its membership additionally in time of crises. Unlike the state level benevolent fund the RCPFBF is fully funded by donations made by the businesses and community members of Riverside County and is able to provide direct support to firefighters and their families in hours instead of days.

In an effort to continue to provide that level of service to you and your immediate family we have continued to improve our marketing and fundraising efforts. With the approval of Chief Hawkins the enclosed displays with RCPFBF informational postcards are approved to be displayed at all fire station in Riverside County. While I would like to be able to visit every station and place the display I'm not able to. Please take the enclosed display and place it in your watch office in a prominent position, so that the information can get out to the public. The enclosed magnets are for your station.

The RCPFBF raises funds in several different ways and can be verified on our web page at www.rvcfireL2881.org. The funds raised not only help you and your family in time of need, but also support programs like: the Body Scan reimbursement program; local and national charities that support cancer and burn foundations; Local 2881 teams that raise funds to support charities that effect our members and events like Shop with a Firefighter.

Should you need additional postcards or other information feel free to contact me.

Sincerely,

Mathew Brandt

Director of Finance RCPFBF
